

Vasif Hasirci, Ph.D., is a Fellow of the Science Academy (Turkey), a member of the International College of Fellows of Biomaterials Science and Engineering (FBSE) and a Fellow of the Royal Society of Chemistry (FRSC) (UK). He is a retired professor at the Department of Biological Sciences of the Middle East Technical University (METU), Ankara (Turkey). His expertise is in the field of medical, biotechnological and nanotechnological applications of natural and synthetic polymers. He is the Founding Director of the Center of Excellence in Biomaterials and Tissue Engineering at METU and the President of the Biomaterials and Tissue Engineering Society (Turkey). He serves on the Editorial Boards of the journals Biomaterials; Nanomedicine; J. Biomaterials Science: Polymer Edition among others. He has 5 patents and patent applications, 200+ SCI journal papers, supervised 40 M.Sc. and 20 Ph.D. students, was cited 4041 times and has a H-index of 39 (Scopus).
